

CONSUMER ALERT!!!

It has come to our attention as well as the Better Business Bureau that the so-called scammer locksmiths have risen again across our country.

ANY company with the words “**Locksmith Master**” in the name **ARE NOT AND NEVER WILL BE MEMBERS OF ILOC!** They are using false affiliations and illegal use of various trade logos such as our own. Beware of these “alleged” crooked companies which appear to be based out of Atlanta, Georgia and have no legitimate licensing or employees in this country.

The following list of names has been confirmed to be illegally using the ILOC logo and claiming to be members which they are not.
